

THE ATLANTA STAMP COLLECTORS CLUB LIBRARY

If a book is written in a foreign language, that information is indicated. Cross-referencing is used for certain volumes that cover multiple subjects. Books that deal with one country only are listed under that country's name. Catalogues that cover all countries of the world are listed under CATALOGUE. A subject that covers many countries is listed under that subject, eg. FORGERIES.

On the spine of each book is its number and an alphabetical letter, based on the subject listing. For example, a book on worldwide booklet plates has the letter "B" on its spine.

Books may be checked out by any club member and there is no due date.

Notify club secretary LeA Coe at leacoe3002@gmail.com if you want to check out a book and it will be available at the next in person club meeting.
