A WORD FROM OUR PRESIDENT

2017 Preview

I trust that each of you had a very merry Christmas and now a new year is upon and we have an opportunity to do something great. I just want to say that I consider it a very special honor to serve as the club president for 2017. It is a duty that I will not take lightly for I want the goal of the Chattanooga Stamp Club to be the best that it can be.

2017 will be a wonderful year filled with exciting new challenges that will enhance the hobby of stamp collecting. I have been collecting for about 20 years, which is much less than some of you, but I have enjoyed it immensely. Every day I discover new and exciting things about stamps. I am also excited to see what new issues will be presented this year by the postal service.

I hope that each of you will share the excitement with me as we strive to keep stamp collecting alive and well in the Chattanooga area. If you have not been to a meeting in a while, please come to the next meeting and reconnect with the hobby and friends. We would love to have you.

Again, thank you for allowing me to lead as president. Let us come together and arouse excitement by educating, communicating and sharing our hobby with others throughout the area.

Mike Ezell

FIRST DAY OF ISSUE!

Flag stamp to be issued Jan. 27 at Georgia show

A new United States Flag definitive stamp will be issued during the opening day of The Southeastern Stamp Expo. The newest Flag stamp will be issued Jan. 27 in Norcross, Ga., a suburb of Atlanta.

The stamp will be issued at an 11 a.m. ceremony during the Southeastern Stamp Expo, taking place at the Hilton Atlanta Northeast, 5993 Peachtree Industrial Blvd., Norcross, GA 30092.

USPS Chief Human Resources Officer and Executive Vice President Jeff Williamson; American Philatelic Society President Mick Zais, a retired brigadier general in the U.S. Army; and USPS Director of Stamp Services Mary-Anne Penner will be participating in the ceremony.

It is a rare opportunity for residents of this area to attend a first day ceremony. All who are interested in attending this occasion should get together to travel to the show. Consider this opportunity at our January meeting and make plans to attend.

Life member of the Chattanooga Stamp Club, Jim Cate, will be showing a 10-frame exhibit of fancy cancellations of the 3-cent 1861 issues on cover at the Southeastern Expo. This exhibit has only been shown one other time in Atlanta years ago.

The Chattanooga Stamp Club welcomes all interested parties to join with us in this New Year! 2017 dues are due and payable if not already paid. See the treasurer, Carl Anderson to bring your membership up to date.

There are three meetings in 2017 for which there is no program planned. Why not volunteer to present a program - tell the members something interesting about your collecting or other subject.

Buryatia Stamps (An explanation)

Known as the Buryatia Republic. It is part of the Siberian Federal District of Russia.

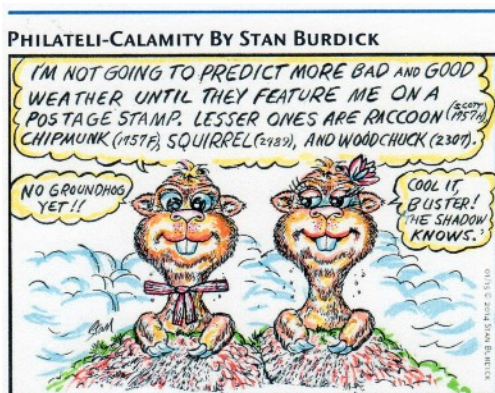

It is situated on the border with Mongolia. The Republic of Buryatia is a federal subject of Russia (a republic), located in Asia in Siberia. Its capital is the city of Ulan-Ude. Its area is 135,600 sq mi with a population of 972,021 (2010 Census).

The Soviet Union broke up and was replaced by the Russian Federation more than 25 years ago. Russia comprises numerous larger and smaller republics which run their own local affairs. However the Russian postal service serves the entire federation very much like the USPS, and no local Russian states are allowed to run their own postal systems releasing postage stamps.

Soon after the break-up of the Soviet Union, stamps from individual states making up Russia began to be offered. At first they were in the form old Soviet postage stamps with overprints added.

In philately, a Cinderella stamp is "virtually anything resembling a postage stamp, but not issued for postal purposes by a government postal administration..." The term also excludes imprinted stamps on postal stationery.

No one should tell you what to collect. But it is only fair that collectors know what they are buying if they want to add Republic of Buryatia stamps to their stamp albums. Just be aware these type of stamps are not legal postage.

In philatelic literature these two states, which together make up the Eastern Aden Protectorate, are usually referred to as Aden (Kathiri) and Aden (Qu'Aiti). Stamps first issued 1942.
